Basic Information

Product Specification

- Highlight: Plasma And Flame Cutting Machine 12000mm/Min
 , 12000mm/Min cnc flame plasma cutting machine
 , Heavy Duty cnc flame plasma cutting machine

Product Description

ProCut plasma & flame cutting machine

Heavy-duty precision CNC cutting machine, which combines high cutting accuracy and high production efficiency, it is suitable for oxy-fuel and plasma cutting application.

Track gauge(mm)	3000	3500	4000	4500	5000	6000	7000	8000
Cutting width (mm)	2200	2700	3200	3700	4200	5200	6200	7200
Overall width (mm)	4000	4500	5000	5500	6000	7000	8000	9000
Drive speed	12000mm/min							
Maximum torches configurable	6(2sets of plasma torches configurable)
