

## EcoCut Plus CNC Flame Plasma Cutting Machine 2000mm-5500mm Cutting Length

### Basic Information

### Product Specification

- Highlight: EcoCut Plus Flame Plasma Cutting Machine, 2000mm CNC Flame Plasma Cutting Machine, 5500mm cnc flame cutting Machine

## Product Description

### EcoCut Plus CNC Flame Plasma Cutting Machine

#### Description

EcoCut Plus is an improved medium-sized multi-functional flame plasma cutting machine developed by Huaheng cutting system according to the market demand. It is suitable for various processing of small and medium-sized enterprises and has a very high cost performance ratio. This product is economical and practical, easy to operate, easy to install, debug and maintain.

#### Technical parameter

Track gauge(mm)	3000	3500	4000	4500	5000	5500	6000	6500
Cutting width (mm)	2000	2500	3000	3500	4000	4500	5000	5500
Cutting length (mm)	= rail length -2200mm							
Drive speed	12000mm/min; 2400mm/min							
Max.torches configurable	6 set ( 2 sets of plasma torches configurable)							
* May vary with the quantity of torches
