Basic Information

Product Specification

- Payload: A:300kg B:500kg C:750kg
- Height: 3000 4000 5000 6000 7000 8000 9000mm
- Tray Size: 1250x635 1840x788 2550x880 Mm
- Version: S: /Stand-alone M: /Multiple-link
- Payload(kg): A:300、 B:500、 C:750
- QTY: Customized QTY According Torequirement
- Note: S:Stand-alon、 M:Multiple-link
- Highlight: **High Density Lift AS RS System, 300kg Vertical Storage Lift, Stand Alone Vertical Storage Lift**

Product Description

High Density Lift Vertical Storage System

Medium Stand-alone 300kg Lift Model

Note: The number of trays can be customised according to the height calculation of the customer's stored material, it will be indicated in the technical proposal, not in the model.

VSL series Model	Tray Dimension(mm)			External Dimension(mm)
