

Container Design Pipe Cut Bevel Preparation Work Station

Basic Information

Product Specification

- Pipe Beveling Station: PCBPS-24
- CNC Edge Beveling Machine: PCEBM-24
- Customized Container: 6058x2438x2896mm
- Convey System For Band Saw Machine: PFS-24
- Transporter For Band Saw Machine: PRGV-24A
- Transporter For Edge Beveling Machine: PRGV-24B
- Highlight: pipe cut bevel preparation work station , tube cut bevel preparation work station

Product Description

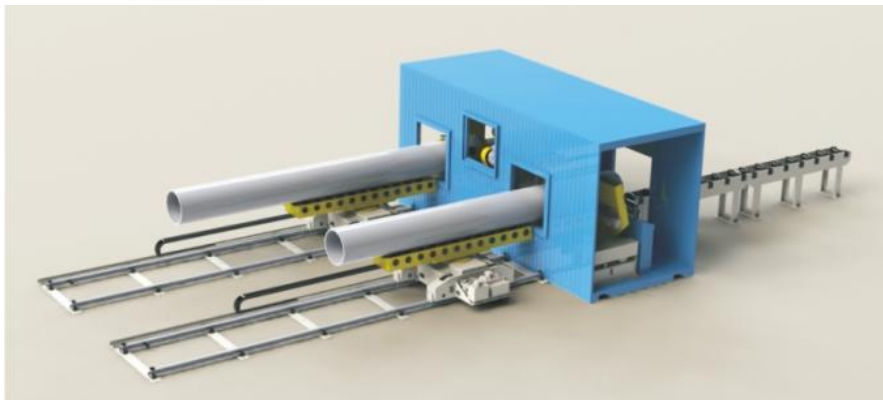

The equipment were installed in moveable container, suit for small and short time project.

Configuration: Pipe cutting and beveling station + simply conveyer system + container.

Productivity: high (can do small prefabrication line onsite).

Onsite installation performance: good (main equipment are installed in container, conveyer line install onsite).

Suit for small and short time project.
