

Huaheng Intelligent Tube To Tube Sheet Automatic Welding Equipment

Our Product Introduction

for more products please visit us on huahengautomation.com

Basic Information

Product Specification

- Welding Pipe Range: $\Phi 8$ - $\Phi 110$
- Rotation Speed (rpm): 0.13-6.75
- Maximum Wire Feed Speed(mm/min): 2500
- Arc Length Slide Travel(mm): 20/40
- Highlight: Intelligent Automatic Welding Equipment,
Tube To Tube Automatic Welding Equipment

Product Description

Description

This equipment is specially designed for tubesheet welding. It adopts advanced and accurate visual positioning control technology to realize a truly unmanned full-automatic tubesheet welding robot. It is mainly used for full-automatic welding of chemical industry, various heat exchangers, boilers, power plants, military industry and nuclear power tubesheet.

Arc length slider speed (mm/min)	600
Radius adjustment stroke(mm)	60
Radius adjustment speed (mm/min)	900
Horizontal travelling stroke(mm)	2000
Maximum welding current(A)	500A, 60% duty cycle / 350A,100% duty cycle
Weight(T)	3
